Foundations for Implementation

A reference tool containing guidance drawn from the UN's Special Procedures and Treaty Bodies to support States in human rights based implementation of the Global Compact for Safe, Orderly and Regular Migration.

Objective 19: Create conditions for migrants and diasporas to fully contribute to sustainable development in all countries

What This Reference Tool Contains

This compilation draws on recommendations from:

- Special Procedure thematic reports that relate specifically to migrants
- Treaty Body General Comments and General Recommendations that relate specifically to migrants

This practical tool emphasises recommendations for individual State action rather than observations, and includes those recommendations that assist in turning the objectives into practical actions rather than echoing the principles and standards agreed in the Compact.

Objective 19: Create conditions for migrants and diasporas to fully contribute to sustainable development in all countries

Guidance from Special Procedures

Source	Guidance
Special Rapporteur on the human rights of migrants (2010), A/65/222 (para.66)	The enjoyment of human rights by migrants, regardless of immigration status, is a crucial means to ensure equitable human development and social development and justice for migrants. Migrants can play an active role in the social and economic development of host countries and contribute to the development of countries of origin and transit, particularly when their human rights are fulfilled in a manner that ensures equal opportunities and gender equality. Human rights, together with gender and age-sensitive strategies, should therefore feature prominently and systematically as an integral part of the overall strategy to achieve development in the context of migration

Guidance from Treaty Bodies
